### **Combined Appointments**

- GSR appointments can combine to create partial, full or full with non-resident supplemental tuition fee remission
- When a student holds multiple fee remission eligible appointments, the fee remission is automatically prorated across all funding sources

**GSR + GSR = Full Fee Remission and if eligible, NRST**

**GSR + GSI = Partial Fee Remission Only (Full Fees and/or NRST are never assessed)**

**Fellowships:** If a student receives a fellowship to pay tuition and fees and then is hired into a fee remission eligible appointment, the system will automatically take the fees from the GSR appointment. In this situation, the hiring request should note that the fees will be paid through a fellowship and we will make sure to use the correct title code (3266) for the appointment.
