Health Insurance	\$3,186	\$3,186
Non Resident Supplemental Tuition	N/A	\$7,551
Total	\$10,424	\$17,975

Combined Appointments

- GSR appointments can combine to create partial, full or full with non-resident supplemental tuition fee remission
- When a student holds multiple fee remission eligible appointments, the fee remission is automatically prorated across all funding sources

GSR + GSR = Full Fee Remission and if eligible, NRST

GSR + GSI = Partial Fee Remission Only (Full Fees and/or NRST are never assessed)

Fellowships: If a student receives a fellowship to pay tuition and fees and then is hired into a fee remission eligible appointment, the system will automatically take the fees from the GSR appointment. In this situation, the hiring request should note that the fees will be paid through a fellowship and we will make sure to use the correct title code (3266) for the appointment.

If you have any fee remission questions, please contact ersostudenthiring@erso.berkeley.edu
