"I nominate **Mark Bell** for his outstanding achievement in designing an innovative tool to assist our staff and community in calculating shared rooming expenses. Mark's tool addresses the complex challenge of dividing costs among multiple travelers with varying stay durations and different payees who initially covered the expenses. This tool has significantly improved the accuracy and efficiency of our expense-sharing process, providing clarity and saving valuable time for everyone involved. Mark's dedication and technical expertise have made a lasting impact, greatly benefiting our organization and community."
